

Q3 Customer Support Operating Brief

Document ID: OPS-SUP-2026-Q3 **Version:** 1.0

Prepared by Customer Operations | 22 August 2026

Executive Summary

The support team is prioritizing faster first responses, consistent handling of refund requests, and improved escalation for cases that require specialist review.

Service Targets

The following targets apply to standard customer-support requests during the quarter.

Request type	First response	Target resolution	Escalation
General enquiry	1 business day	3 business days	After 3 days
Refund request	1 business day	7 business days	After review
Payment dispute	1 business day	10 business days	Finance team
Account access	4 business hours	1 business day	Security team

Refund Handling

Refund requests should include the order reference, purchase date, and reason for the request. Agents should verify eligibility before escalating a case.

Escalation Notes

Cases involving suspected payment fraud, account compromise, or conflicting customer records should be escalated to the appropriate specialist team.
